

Ready to Use Barn Spray

A natural culture of beneficial micro organisms including lactic acid and phototropic bacteria and yeasts, grown in molasses water with selected aromatherapy oils, No genetically modified micro organisms included. Safe around children and pets

***Store in a cool dark place. Do not refrigerate .
Do not store in glass***

Instructions and Dosage

Spray as a fine mist over the fresh litter and over the ground for one metre around the entrance to the barn, hen house or shed. It is recommended that the product is reapplied when you top up litter or clean out. It can be applied as frequently as you require, however a minimum application of once per week is recommended. Spray⁺ is also ideal for use in transporters. For large areas we recommend purchasing Stable⁺ concentrate and applying using a larger sprayer.
